

AK/12 AUT

Description

It has:

1. Powerful ventilated motor (1200W).
2. Ergonomic graduated jar of high capacity (2,5l), made of durable, food safe polycarbonate.
3. Blades made of stainless steel 2,5mm thick, suitable also for ice crushing.
4. Water tight blade base with a special mechanism of two ball bearings in a vibration proof support, ensuring long lasting, smooth and silent operation.
5. Illuminated main on-off switch
6. 6 speed selector
7. 9-position timer
8. Safety switch for the protection of the appliance.
9. Removable lid on the cover for liquid pouring during operation (easy and fast placement with a three point lid seating).
10. Soft starting (for both AUTO and MANUAL operation).
11. Pulse operation mode (manual) for a short operation at controlled speed.
12. Automatic operation (AUTO)

A safety magnetic switch on the cover ensures maximum protection of the operator of the appliance, as it prevents operation when the cover of the jar is not in place.
